

## HELPING YOU GET MORE VALUE FOR YOUR HEALTH CARE DOLLAR

Save more on quality care.

At Cigna, we care about your health. And your budget. The LocalPlus® plan delivers a cost-effective solution designed to be flexible and help you control health care costs – without sacrificing the quality and convenience you want and expect.

### How the plan works.

We collaborate with health care communities to create local networks<sup>1</sup> of health care providers, specialists and hospitals that deliver value and results right where you live.

#### How you can save:<sup>2</sup>

- › In your local area, or when in any LocalPlus Network area, you must receive care from a health care professional or facility in this network to receive in-network coverage.
- › If you're temporarily away from your local area, or another LocalPlus Network area, you have extra peace of mind knowing you can access in-network providers or hospitals through our nationwide Away From Home Care feature.
- › If you choose to go outside the LocalPlus Network when one is available (or outside the Away From Home Care feature when LocalPlus isn't available), you will receive out-of-network coverage. Your share of the costs may be higher than what you would pay for in-network care.

### Get healthy. Stay healthy.

You'll also have access to wellness services and programs to help you stay on the path to good health, including:<sup>3</sup>

- › Well visits, preventive care screenings and immunizations
- › Sick visits, specialist, in-hospital and outpatient care
- › Nationwide in-network coverage in case of an emergency

### We make it easy.

LocalPlus is designed to deliver cost-effective, quality care and peace of mind for today's busy, on-the-go families. Here are some of the many ways the LocalPlus plan can help you get more value for your health care dollar.

- › More quality providers make it easier to choose and use quality care
- › Primary care provider (PCP) selection is encouraged to help guide your care, but not required
- › Access to Cigna's national network of labs, behavioral providers, convenience care clinics and virtual care services<sup>4</sup>
- › 75% potential savings through in-network national labs<sup>5</sup> (LabCorp or Quest)
- › You don't need a referral to see a specialist

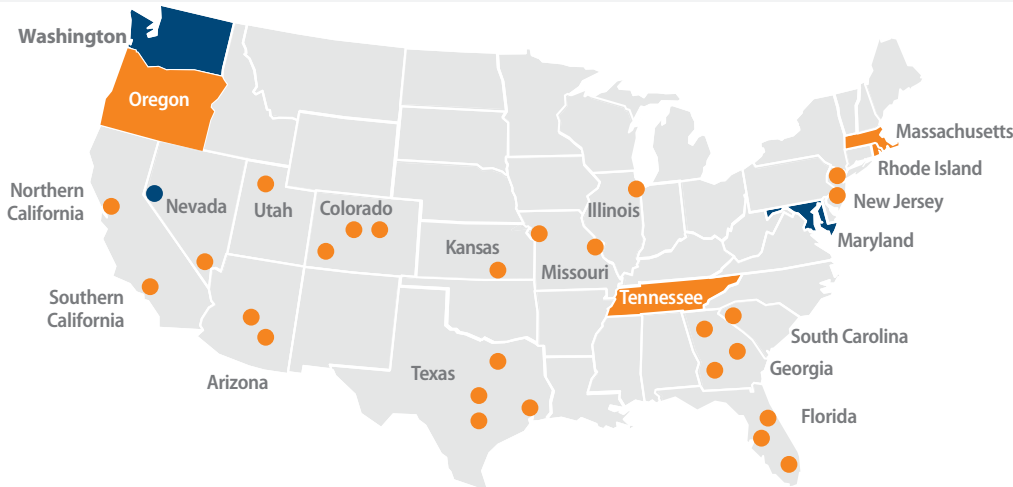

### 24/7/365 service – personalized for you.

- › Live customer service – with translation services available in over 150 languages
- › Cigna 24-hour health Information line – speak with a nurse<sup>6</sup>
- › Helpful decision support tools on the myCigna® App and website

1. **Massachusetts Residents: LocalPlus® Plan Participants:** The LocalPlus Network is smaller than Cigna's national Open Access Plus (OAP) network. In this plan, you have access to in-network benefits only from the health care professionals and facilities in the LocalPlus Network when in a LocalPlus Network service area. Please consult the limited network directory or visit the online directory at Cigna.com to determine which doctors and hospitals are included in the LocalPlus Network. For a paper directory, ask your employer.
2. You will be responsible to pay a deductible, any applicable copays, and/or a percentage of your covered in-network or out-of-network costs until you reach the out-of-pocket maximum.
3. Not all services are covered. For example, immunizations for travel are generally not covered. Other non-covered services/supplies may include any service or device that is not medically necessary or services/supplies that are unproven (experimental or investigational). Routine medical care received outside of the U.S. is generally not covered. You may need precertification for hospital stays and some types of outpatient care. Coverage is subject to your plan's deductible, copay or coinsurance requirements. For the specific coverage terms of your plan, refer to your plan documents.
4. Cigna provides access to virtual care through national telehealth providers as part of your plan. This service is separate from your health plan's network and may not be available in all areas or under all plans. Referrals are not required. Video may not be available in all areas or with all providers. Refer to plan documents for complete description of virtual care services and costs.
5. Savings based on average Quest/LabCorp costs compared to labs done at other ancillary, outpatient hospital and non par labs: DOS Jan-Jun 2021.
6. These health advocates are trained nurses. They have a current nursing license in at least one state. When working as a health advocate, they are not practicing nursing or giving medical advice.
7. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.
8. This listing is not all inclusive and is as of February 2022; subject to change.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and complete details of coverage, see your plan documents.
