# Dependent Care Assistance Enrollment Guide

What is a DCA?

A dependent care FSA, also known as a Dependent Care Assistance Plan (DCAP) allows individuals to use pre-tax dollars for daycare or dependent care expenses. The dependent care FSA (DCAP) cannot be used to pay for medical expenses. Individuals elect to contribute a portion of their paychecks to either a health FSA or dependent care FSA and save 25% to 40% in taxes.

# **Know the Rules:**

#### **Dependent Care Eligible Expenses**

- A dependent receiving care must be a child under the age of 13, or a tax dependent unable to provide for their own care, who resides with you. The care must be necessary for you or your spouse to be gainfully employed or to go to school. Care may be provided by anyone other than your spouse or your children under the age of 19. Expenses for schooling, kindergarten, over-night care, and nursing homes are not reimbursable. See IRS Publication 503.
- The maximum you can elect, in a calendar year, is equal to the smallest of the following:
  - \$5,000 Married and filing federal taxes jointly or a single parent
  - \$2,500 Married and filing separate federal tax return
- The amount contributed year-to-date, is available for reimbursement.

These are only examples and this list is not all-inclusive -- it only provides some of the more common expenses. Additional information is available in IRS Publication 502 and on our website: https://www.rockymountainreserve.com

#### Important to Know

- Participants may only be paid what they have contributed at any point in time.
- Participants must be ready to provide receipts for dependent care expenses.

# **Access to Your DCA Money**

### **Access with a Debit Card**

#### Pay for Expenses with a Debit Card

- Easy to use- the Benefits Card is a stored-value card that simplifies the process of paying for qualified expenses.
- Restricted by merchant code (MCC) to healthcare-related merchants where MasterCard is accepted.
- It pays directly at the point of sale No waiting for reimbursement!
- You can use it to pay for online mail-order prescriptions.
- You must save all receipts and be prepared to provide receipts if they are requested.

#### Save All Receipts For Purchases Made With The Benefit Card

Please remember to keep receipts for all purchases made with the Benefit Card. Per IRS regulations, Rocky Mountain Reserve may request itemized receipts to verify the eligibility of purchases made with the card.

- All receipts or other proofs of purchase must include the date of service, name of provider, dollar amount, and a description of the purchased service or product.
- Any receipt that does not contain the detailed information described above is not acceptable. Credit card receipts and canceled checks are not acceptable.
- If the requested receipt is lost or otherwise unavailable, most providers can provide a detailed statement documenting FSA eligible purchases. An Explanation of Benefits (EOB) is sufficient documentation to substantiate a transaction. Additional documentation will be requested UNLESS the transaction matches a co-payment, a previously approved repetitive expense, or was at a merchant that has installed the inventory information approval system referenced above.
- If a receipt is requested, Rocky Mountain Reserve will email a request within hours. Participants can mail, fax, email, upload the receipt online, or take a picture and submit it through the mobile app.

#### No Receipt Retailers

Some retailers have installed an inventory information approval system for most medical expenses and receipts will not be requested.
