Selection of a Primary Care Provider - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Definitions

Coinsurance - After you've reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

Copay - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

Deductible - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

Out-of-Pocket Maximum - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

Prescription Drug List - The list of prescription brand and generic drugs covered by your pharmacy plan.

Professional Services - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

Transition of Care - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.

 - the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the "Clinical Trials" sections of this plan.

In determining whether any such technologies, supplies, treatments, drug or Biologic therapies or devices are experimental, investigational and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.
