

Let Optum Home Delivery bring your medication to you

With Optum® Home Delivery, you can get a 3-month supply of your long-term medication. Plus, they are mailed to you with free standard shipping.

Want more reasons?

Skip the trips

Your medication can be delivered to your door. You don't even have to leave home or wait in the pharmacy line.

Save some money

You may pay less than what you do at in-store pharmacies. And, standard shipping is free.

Stay on track

With a 3-month supply, you may be less likely to miss a dose. You can even sign up for automatic refills.

Optum Home Delivery is here when you need us

Use the website and app any time to track orders, request refills, price medication and more. Pharmacists and customer support are available 24/7.

- Find alternatives to lower your cost
- Set up savings and refill alerts or auto-refill
- Sign up to go paperless-receive notifications via text/email

Flexible payment options

Make one payment upfront. Or split it up into 3 equal monthly payments.

Frequently asked questions

Is Optum Home Delivery in my plan's network?

Yes, it's part of your plan's pharmacy network. You are not required to use home delivery.

Once I've enrolled in home delivery, how long will it take to get my medication?

Medication should arrive 2-5 business days after the pharmacy receives completed new and refill orders.

Do I need to set up a home delivery account?

Yes. Before Optum Home Delivery can ship your first order, you need to set up your UnitedHealthcare account and provide your payment method (credit card, debit card or bank account). Using your account, you can go online or use the app any time to place and track orders, check prices, and more.

What is a long-term medication?

Long-term medications are those you take on a regular basis. They may also be called "maintenance medication." These may be taken for high blood pressure, cholesterol and depression, just to name a few.

Can I use home delivery for any medication?

Many drugs are available through home delivery. See which of your prescriptions can be filled through home delivery by going online or using the app.

What is electronic prescribing?

It's a way for your provider to send electronic prescriptions to Optum Home Delivery. It is much faster than mailing and faxing prescriptions. Controlled substances can only be ordered by e-Prescribe. Some exceptions apply.

Can I set up medication reminders?

Yes. Go online or use the app to check your profile and turn on email and phone notifications and reminders.

How does the automatic refill program work?

Go online or use the app to see and enroll eligible medication. Then, Optum Home Delivery will send your refills when it's time. They will notify you before they ship and they'll use your approved payment method on file. It's that easy.

Don't wait.
