

FINDING A DOCTOR

Want to discover which providers are participating in the Blue Cross® Blue Shield® of Arizona (AZ Blue) networks? This digital tool will help you easily discover all the doctors, other healthcare professionals, hospitals, and facilities that are part of our networks.

How to Find a Healthcare Provider

- 1** Go to azblue.com and select **Find care**. Click on **Find a Doctor, Provider, or Facility**.
- 2** Choose **Browse the network as a guest**, then click on the box that reads **Continue as a guest**.
- 3** Click on the arrow next to **Type of Coverage** and select the type of plan.
- 4** Select from **Type of Provider** and **Network** (as shown on your ID card) from the drop-down menu, then click **Search**.
- 5** Click on **Choose a location** and type your information in the box or select **Use my current location**. You can then search **Doctors by Name**, **Doctors by Specialty**, and more.

Search options

- There are several search options available. You can select one, or **Search all** using a keyword.
- The **Advanced search** helps you filter your search for providers who match your preferences in categories like languages spoken, specialty, and quality certifications.
- Results are displayed in a list and on a map.
- You can change how your results are displayed through the **Sort** menu on the top right, or refine your results by selecting one of the options in the left column.

Tip: Results default to providers within a 25-mile radius. If you don't see enough options, you may want to increase your radius.
